Learning Targets for <i>Advanced Algebra &amp; Trigonometry</i> Equations and Identities Unit												
I can factor using the greatest common factor (GCF).												
I can factor a trinomial into two binomials (FOIL in reverse).												
I can state the Pythagorean identity.												
I can rewrite $\sin^2 x$ in terms of $\cos^2 x$ (and vice versa).												
I can state the double-angle identities for sine and cosine.												
I can rewrite $\sin 2x$ in terms of a single angle $x$ .												
I can rewrite $\cos 2x$ in terms of a single angle $x$ .												
I can solve trig equations involving a single-angle.												
I can solve trig equations involving a multiple-angle.												
I can solve trig equations with a greatest common factor.												
I can solve factorable trig equations.
