Learning Targets for <i>Advanced Algebra & Trigonometry</i> Trigonometric Functions Unit												
I can graph the parent sine function.												
I can graph the parent cosine function.												
I can graph the parent tangent function.												
I can find the amplitude of a sine or cosine function.												
I can find the period of a sine or cosine function.												
I can find the period of a tangent function.												
I can find the phase shift of any trig function.												
I can find the vertical shift of any trig function.												
I can write sine or cosine functions for a given sinusoidal curve.												
I can model periodic data using a sine or cosine function.
